Best Girl Code: Unlocking the Secrets to Success, Sanity, and Happiness for the Female Entrepreneur by by Cara Alwill Leyba

I am witnessing a phenomenon. It seems as though a growing group of women entrepreneurs all around the world has discovered the secret to success and happiness in both their lives and careers. It's almost as though there is a hidden, underground world of power playing females who have all cracked a magical code: they think positively, they support one another, and they truly believe they can have it all—and you can, too. There is something dynamic that happens when women genuinely show up for each other. When we lose the facades, when we cut the bullsh*t, and when we truly have each other's backs. When we stop pretending everything is perfect, and we show the messy, beautiful parts of ourselves and our work that all look awfully similar. When we talk about our fears, our missteps, and our breakdowns. And most importantly, when we share our celebrations, our breakthroughs, and dish on what works. There is no reason to hoard information, connections, or insight. Wisdom is meant to be shared, so let's start sharing what we've learned to make each other better. Let's start building each other up. Let's live up to our potential and start ruling the world. GIRL CODE is a roadmap for female entrepreneurs, professional women, "side hustlers" (those with a day job who are building a business on the side), and anyone in between who wants to become a better woman. This book will not teach you how to build a multimillion dollar business. It won't teach you about systems or operational processes. But it will teach you how to build confidence in yourself, reconnect with your "why," eradicate jealousy, and ultimately learn the power of connection. Because at the end of the day, that's what life and business is all about.
